Lift Devices Certification

M.A. Industries, Inc. certifies that all Lift Devices supplied by M.A. Industries meet OSHA Directive 1926.704 (c), which states "Lift devices which are embedded or otherwise attached to precast concrete members, other than tilt-up members, shall be capable of supporting at least Four Times the maximum load applied or transmitted to them".

M.A. Industries, Inc. certifies that all Forged Steel Lift Eyes meet OSHA Directive 1926.704 (d), which states "Lift hardware shall be capable of supporting at least five times the maximum intended load applied or transmitted to the lifting hardware".

Ratings for all Lift Devices and Lift Hardware are in accordance with the OSHA Standard.
